

Ladies Afternoon League

July 26, 2011 Event

“Chicago Points”

YOU DO THE DRIVING AND LEAVE THE SCORING TO US!

Just keep track of your points for the round

Based on their performance, players receive *POSITIVE* points as follows:

Drive on Fairway = 1 point

Bogey = 2 points

One Putt = 3 points

Par = 4 points

Birdie = 5 points

Players who clear their “hurdle” by the most points are the winners!

Please make sure your handicap is clearly marked on the scorecard.

FYI...The stats team can/will calculate each players score for this event!

Each player receives a *negative quota* of points, called a hurdle, based on their handicaps. The formula for finding the starting negative quota is $-36 + \text{handicap}$. (Or -35 for the back 9)

For example $-36 + 17 = -19$ (-19 is the “hurdle”)
Handicap

Positive points are then added to the “hurdle” as indicated.

Watch for the markers:

Hole #'s 6 and 16 Closest to the Pin

Hole #'s 4 and 15 Longest Drive
