

Ladies Afternoon League

June 28, 2011

Flag Event

Handicap required

First, print your full name on the flag label

Each player receives a certain number of strokes based on her handicap. For example, a person playing the FRONT nine with a handicap of 18 will receive a total of 54 strokes (36+18). Par for the front is 36. If you are playing the BACK nine with a handicap of 18 your stroke total is 53 (35+18). Par for the back is 35.

The round is then played normally. When your “stroke total” (for example, the 54th) shot is taken, plant your flag in that spot. Don’t insert them into a green please.

If a player finishes all 9 holes before using her total strokes, bring the flag into the clubhouse and place it in the basket. You are a winner! Flags which are left on the course will be collected after the event.

Markers are placed on #2 and #14 Closest to the Pin and

#8 and 17 Longest Drive
